in to CIA Library

Various German high-frequency specialists, a total of 45 engineers, were transferred from Camp No 7027 in Krasnogorsk to an institute near Ilinka, allegedly 30 km southeast of Moscow. These experts were cared for by Soviet Senior Lieutenant Robinson (?), while Cord von Sengbusch who, according to source, was discharged to Berlin, acted as German chief of this organization.

Comment:

25X1X

b. The existence of a high frequency institute was reported near Moscow-Ilinkaya. Among others, Dr. Weidhardt, formerly assigned to the Raabe Institute as an expert in the field of ultra-short waves, was deported there.

c. Southeast of Moscow are two places with the name of Ilinkoye. They have the coordinates 38°06'N/55°37'E and 38°05'N/55°26'E. It cannot be stated whether one of these is the Ilinka mentioned in this report.

d. A location of Ilinka between Dykovo and Stakhanovo has been previously mentioned. Since returnees from Stakhanovo said that ex-members of the Raabe Institute were working there it is assumed that the mentioned organization is in the settlement of Ilinka near Stakhanovo.

This document is hereby regraded to
CONFIDENTIAL in accordance with the
letter of 16 October 1978 from the
Director of Central Intelligence to the
Archivist of the United States.
